

Please be ever vigilant for fraudulent emails and text messages.

SCAM!
ALERT!

There are unknown persons or groups posing as Pastors, parish office staff members and Priests of the Diocese requesting assistance from parishioners and other staff members via text messages and emails.

Please do NOT reply to the text messages and emails if the phone number that appears is unknown or the email address is not from someone you know. Please contact the Parish Office directly to be certain that the message is legitimate.

The scammers usually request that the recipients of the message buy gift cards and send them the access codes, respond to the message because they need you to contact them by replying through the email, requesting banking assistance, click on links or download attachments.

We will NEVER make a request from you in this manner. If you have any questions or concerns, please call the parish office at (401) 624-8746.
