

Saint Theresa Catholic Church

Our Lady of Fatima Shrine Restoration

Project Update: Phase 2 Progress Report

Our team has been hard at work putting the finishing touches on the new wall surrounding the shrine and plantings in the garden areas. The children of Our Lady of Fatima have been placed in their proper place on the second half wall. Phase 3 will begin in the late Summer, early fall months with

prepping the land for a beautiful brick paved area surrounding the shrine with a walkway leading from the parking lot.

The bricks that will surround the shrine and the pathway leading to the shrine will be engraved. We offer you the opportunity to be part of this historic project by purchasing a brick which can be engraved with three to five lines of words with the option of adding a graphic from our order form selections. We have a large number of orders already! Thank you to everyone that has placed an order.

Order forms are available in the back of both churches and on our website. If paying by check, make payable to St. Theresa Parish. You can mail in your order form, drop off at the parish office by the mail slot at the front door or you may place it in the collection basket at any Mass. If you choose to order online, you can scan the QR code on the order form or visit our website and follow the link to our order page.

A huge thank you to our small dedicated crew and to those that have donated funds to get us this far!! If you would like to be part of the restoration team, please call Janet Martel at (508) 954-4871.

If you would like to donate funds for this project, please make a notation on your donation that it is for the Memorial Restoration Project.
